## HAND OF THE GRIM REAPER

**Picks Several Victims From the People in Our City and Vicinity.**

**Several Well Known People Pass From this World into that Beyond.**

Word was received here today of the death of Mr. Anderson, father of Mrs. A. B. Houze, formerly of New Salem, which occurred Sunday evening at his home in Rising Sun.

Homer W. Cole received a telegram from Newport, Ky., announcing the death of his aunt, Mrs. Lou Green, which occurred there Sunday and which resulted from apoplexy. The funeral services will be held tomorrow (Tuesday) afternoon at Newport.

Richard Powell, colored, died at his home, No. 604 East Eighth street, of exhaustion Sunday at noon. He was fifty-nine years of age and was a native of Kentucky. The funeral services will be held Tuesday afternoon at 2 o'clock at the Second M. E. church, conducted by Rev. T. T. Carpenter. The burial will take place at East Hill cemetery.

Omer Hendricks, son of Mr. and Mrs. John Hendricks, died at 9:50 Saturday morning at the Soldiers' & Sailors Ophans' Home at Knights-town, of typhoid fever. The young man was about sixteen years of age and had been sick but a short time. The body was brought to this city Saturday evening and taken to the Hendricks' home, where the funeral services were held Sunday afternoon at 2 o'clock by Rev. W. P. McGary. The burial took place in the upper graveyard.

John H. Schenkel, son of Henry Schenkel, who for the past year or more has been afflicted with tuberculosis at his home on North Sexton street, passed away Sunday morning at 5 o'clock. He had been gradually declining and his death came not unexpected. John Schenkel had just reached manhood, being twenty-one years of age, when the dread disease overtook him. He was a young man, possessed of a bright disposition and intellect and had a promising future. He was rather retiring in his manner and was regarded as a model young man. "He had for some time prior to his illness been employed at Innis, Pearce & Co.'s furniture factory, where he was very popular both with the management and his fellow employees. The funeral services will be held at St. Mary's Catholic church Tuesday morning at 9 o'clock conducted by Rev. P. H. Rowan, and under the auspices of the Catholic Benevolent League, of which order the deceased was a member. The burial will take place in Calvary cemetery.

Dewitt Clinton Farley, a motorman on the I. & C. traction line and residing in the Hughes property on East Seventh street was stricken with apoplexy Sunday night at 10 o'clock and died about four o'clock this (Monday) morning. Farley came to this city from Shelbyville when the local line was first put in operation, and he ran some of the first cars over the line. He was short and heavy set, dark complexioned and wore a dark mustache. He worked yesterday and made his last run at 2:30. At 6 o'clock he left the car barns, complaining of a slight headache from which he had been suffering for two or three days. He was taken ill about 10 o'clock and physicians were summoned. The man gradually grew worse, however, and it was found impossible to save his life. He was 40 years of age and leaves a wife. Mr. Farley was a very popular employee of the traction line and possessed a pleasant and cheery disposition. The body will be taken to Shelbyville Tuesday morning at 7:55, where the funeral services will be held.

## POSTAL GRAFT

**Merchants are Warned Against Cashing Money Orders After Office Hours.**

The local postal authorities have received a warning concerning two crooks who have been operating a money order graft in this community. The scheme is to buy a money order for a small amount, raise it and offer it in payment for purchases at stores, taking the difference in cash. The transaction usually takes place after postoffice hours. Merchants are warned to be on their guard in cashing or accepting money orders from strangers. The game is an old one, but in a careless moment the smoothest business man is liable to get caught.

## WE WILL HAVE A CLEAN CITY

**City Health Officer and Police Intend to Enforce New Ordinance.**

Dr. W. C. Smith, city health officer stated in conversation with the Republican's representative that now since the new health ordinance has been passed and put into effect, he intends to see that its provisions are carried out to the letter. Dr. Smith intends to see to it that Rushville is cleaned and kept clean. He expects to go after those people who are keeping hogs and other animals within the city limits and allowing the pens and stables to become filthy and unhealthful. If hogs are to be kept in the city, Dr. Smith says that the pens must be kept clean or they will be declared a nuisance and abated. The health officer expects the police and street cleaning department to work in conjunction with him, as the law provides, and to assist him at all times in keeping the city free from dirt. The authorities will not permit any trash of any kind to be emptied into the alleys or streets, and the burning of papers in the streets and alleys is also prohibited. All garbage cans must be emptied promptly and kept free from odor. Dr. Smith is thoroughly in earnest in his efforts to make Rushville a clean and healthy place in which to live. The citizens will certainly commend him for the stand that he is taking and will certainly aid him in his work by strictly observing the requirements of the law.

## A LARGE ATTENDANCE

The largest crowd that ever assembled in Rushville for a purpose of that character, greeted Geo. C. Wyatt & Co. Saturday afternoon, when they gave away one of their fine "McDougal" kitchen cabinets. The reputation of the "McDougal" cabinet is such among the housewives of Rushville and Rush county that when this well known firm announced that they were going to give one of them to some one of their customers, there was a grand rush of people to put themselves in possession of a chance to be the lucky one. There was a steady demand for the tickets all of the week, and on Saturday 1000 tickets were out. The coupons of the tickets were drawn out of a box by little Miss Virginia Fox, who was blindfolded, and was done under the supervision of a committee. The second one out was number 118, and was held by Mrs. Will Frazee, of Third street. Mrs. Frazee was present and gracefully accepted the handsome gift which was immediately delivered to her home. The first number out was 930, but the holder was not present and so failed to secure the cabinet. The cabinet given away was valued at \$27.50. The crowd in attendance filled Wyatt's store and filled Main street from Havens' grocery, north to Third street. Fully 900 people witnessed the drawing. Wallace, the photographer, photographed the crowd.

## MANILLA VERY MUCH EXCITED

**Japanese Main Fleet Preparing to Assemble South of Formosa.**

**Japan's Protest Regarding the Attitude of France at Saigon Has Proved Effective.**

Saigon, French Cochinchina, April 24.—The complete Russian fleet left Kamranh bay on April 22 at midday. At night heavy cannonading was heard out at sea. It is supposed the Russian fleet was engaged with a portion of the Japanese squadron.

Manila, April 24.—Three warships are now off Corregidor Island. It is supposed here that they are Japanese vessels. Japanese Consul Marita Gori is hourly expecting the arrival of Vice Admiral Kamimura. Vice Admiral Togo's main fleet will assemble south of Formosa on April 26. The Japanese consul here has received a long cipher message concerning Kamimura's squadron, which is expected today. The consul says the ships will not enter Manila harbor, but will cruise outside. There is great official activity here. The American admiral, the Japanese consul and the general in command have held conferences. The admiral today held a conference with Governor General Wright.

Receives Official Confirmation. Paris, April 24.—The minister of colonies officially confirms the report of the departure of the Russian squadron from Kamranh bay. The Russian admiral, previous to his departure, called on Admiral Jonquieres. The meeting of the two admirals was most cordial. A dispatch from Saigon to the Temps reports that the Russian fleet outside of Kamranh bay opened a heavy cannonade, probably upon Japanese scouts. Four Russian transports are still at Saigon, the dispatch adds.

A private dispatch from Saigon states that Vice Admiral Rojestvensky is suffering from dysentery, but otherwise the officers and men of the fleet are in the best of health.

## WORK IS FINISHED ON BIG 4 VIADUCT

**I. & C. Can Get It's Cars Under the Bridge at Indianapolis.**

Were it not for the fact that the improvements to be made at the Belt crossing with the I. & C. have not been finished, the I. & C. would now be able to run its big cars from this division into the city of Indianapolis.

The Big Four has completed the work of raising its track to the required height and the local cars can now pass under the viaduct. The Big Four has had a force of about one hundred men at work on its road since March 10th. Several trains have been used in ballasting the roadbed. The bridge under which the traction line passes has been raised two feet seven inches, and the track has been graded accordingly. At the Belt crossing, Prospect street, over which the traction line passes, must be lowered five or six feet at the point between the two roads. There is a bad curve at that point where the I. & C. turns to pass under the viaduct. This will be straightened and a new bridge over the stream which makes the curve necessary will be built. This work will take considerable time. It is expected, however, that it will be finished and the local cars may enter the city by June 1st.

A discussion has started concerning the origin of flirting. Of course all eyes will turn to the mother of the race in the garden of Eden. But there is no reliable evidence that Eve made goo-goo eyes at Adam before he began to stare at her and twirl his mustache.

## HELD ON SUSPICION.

**An Ohio Woman is Accused of Killing Her Two Children at Grove City.**

Columbus, O., April 24.—Mrs. Henry Anthony, aged thirty-two, of Grove City, a suburb of Columbus, is held at the county jail pending an investigation of the death of her two children by a former marriage, John and Oletha Demorest, aged nine and thirteen years respectively, who were found dead in bed Sunday morning. The circumstances of the children's death has aroused suspicions of poisoning. The mother claims the children were ill and she gave them quinine.

About seven years ago the woman, whose name was then Demorest, killed her three-year-old boy by cutting his throat. She was then adjudged and was sent to the state hospital but was discharged in less than two months as recovered.

## JEFFERSON PASSES AWAY

**Dean of the American Stage Responds to the Last Call.**

**Body Will be Taken From Florida to the Jefferson Home at Buzzard's Bay.**

West Palm Beach, Fla., April 24.—Joseph Jefferson, the eminent actor, died at his home, "The Reefs," at Palm Beach, at 6:15 Sunday evening, at the age of seventy-six years. The end came after a day of unconsciousness and after a heroic struggle of days which had exhausted his vitality. At his deathbed were his wife, his sons, Charles B. and Frank Jefferson, his nurse, Miss Mabel Bingham, Dr. R. B. Potter and his faithful old servant, Carl Kettler.

The end was not a surprise to his family. Ever since his last sinking spell, which came after a rally on Thursday morning, and which was followed by an apparent improvement until Friday, the family has been waiting for the end. Mr. Jefferson's condition Saturday night grew steadily worse and the family, who had retired, were summoned from their beds and Dr. Potter was called. The patient's condition continued to grow worse all through Sunday, and the brief bulletins from the bedside contained no words of encouragement.

The sickness of Mr. Jefferson which ended in his death was contracted, it is believed, while on a recent visit to his son, Charles B. Jefferson, at Hope Sound, a few miles above Palm Beach, where he went to meet his friend, ex-President Grover Cleveland. It is believed that from a slight indiscretion in his eating there he suffered an attack of indigestion. Since his return to his home his condition grew steadily worse, with slight rallies, until the end.

The body of Mr. Jefferson will be taken to Buzzard's Bay on a special train, leaving here this evening, accompanied by all the members of his family who are here. It will reach New York Wednesday morning and the family hope to reach Buzzard's Bay the evening of that day.

Joseph Jefferson was born in Philadelphia Feb. 20, 1829, and was looked upon as the dean of the dramatic profession in this country. He first appeared on the stage as a child, and during his career has played in a number of foreign countries. His great reputation was made in "Rip Van Winkle," which he played in almost every city in the United States. Of late years he has played but a few weeks of each season, and in almost every one of these short seasons he confined himself to the one character of Rip Van Winkle.

## YOUNG BOYS TO BE PUNISHED

**Special Legislation for Those Under Sixteen Who Smoke Cigarettes.**

Both boys under 16 who smoke cigarettes and those who enable the boys to smoke cigarettes can be punished under the new juvenile court law for delinquent children. The last legislature passed a law defining delinquent children, and under it a boy under 16 years of age smoking cigarettes is defined as being delinquent. Another section of the law provides that any person who contributes to the delinquency of a child shall be guilty of a misdemeanor and on conviction may be fined not exceeding \$500 or imprisoned for not more than six months, or both. This would take in any person giving or selling cigarettes to such children, it is said.

The children of San Rafael, Cal., have been formed into a junior section of the local improvement club. Their duty will be to preserve the street trees and to keep paper off the streets.

## A HEAVY PENALTY

**Druggists May be Fined Under New Law For Selling Poisons Without Prescriptions.**

According to the new law a druggist who sells morphine, cocaine, etc., without a prescription from a physician may be heavily fined. The law reads as follows: "It shall be unlawful for any druggist or druggist's clerk to sell, barter, trade or give any opium, morphine or cocaine to any person addicted to the habitual use of opium, morphine or cocaine, unless such person secure the written prescription therefor from a licensed physician. Any person violating any provision of this section shall, on conviction, be fined for each separate offense in any sum not less than ten dollars nor more than fifty dollars."

## BY RAILROAD DETECTIVES

**Work of the Erie R. R. Police Shows the Importance of the Service.**

The fact that the railroad detective department is of immense value to the railroad system is shown by the fact that during the month of March the Erie railroad police force made 573 arrests for crimes and depredations along its lines, an average of nearly 19 each day including Sundays. But 18 of those arrested were discharged by police justices, the convictions numbering 552 and the amount of fines imposed \$1284.14. Sentence was suspended in 133 cases because of the youth of the offenders, while 144 were sent to jail.

## HEALTH REPORT FOR THE QUARTER

**Some Interesting Statistics as to the Marriages Solemnized in the County.**

Dr. Frank H. Green, county health officer, is completing his report for the quarter closing with March 31st, but as all the death returns are not in there is a delay in this feature. An interesting feature of this report is of marriages solemnized. He has the ages of all the grooms and brides and as these are not given on the clerk's docket the summary gives out some points on the best time, locally to get married.

There were nine marriages in January, seven in February and three in March, a total of 19 for the quarter. One of the couples was a colored couple. In two cases the bride was under twenty years of age. In no case was the groom under twenty. The majority of the marriages occurred when the bride and groom were near twenty-four or twenty-five.

Of the births, twenty occurred in January, twenty in February and thirty-two in March. The total for the quarter was seventy-two. Of this number forty-two were males and 30 were females. There were three black males and one black female births. There were no plurality births during the quarter. There was one illegitimate birth.

Of the contagious diseases, there were in January, eight cases of scarlet fever; in February three cases, and in March two. In March there were four cases of measles, and four cases of typhoid fever. In February there were only two cases of typhoid fever. In all, there were during the quarter thirteen cases of scarlet fever, four of measles and two of typhoid fever.

Frank Vincent DuMond, the family artist and proprietor of the Lyne School, has been appointed chief of the art department of the Lewis and Clark Exposition.

## THE REGULAR APRIL TERM

**Of The Rush Circuit Court Was Convened Today by Judge Sparks.**

**Several Important Civil Cases to be Tried—But Little Done Today.**

The regular April term of the Rush circuit court was convened this morning by Judge Sparks. But little was done today, the time being spent in calling the docket and making up the issues. The entire day tomorrow will also be devoted to making up the issues.

On Wednesday the damage case of Thomas B. Derry vs. the Indianapolis & Greenfield Rapid Transit company for alleged personal injuries, a case which was tried here before and in which judgment was rendered in favor of the plaintiff for \$990, and a case which was appealed to the Supreme court where the decision was reversed, will come up for trial. This case will probably occupy two days.

On April 28th, the case of Phinis Rader vs. A. L. Stewart on a lumber account will occupy the attention of the court, and on the 29th and May 1st, the case of Mathews vs. Mathews, a claim filed against an estate, has been set down for trial. May 2d comes the case of Ferris vs. Hammond, a suit on an account, and on May 3d the damage case of Warrum vs. the P. C. & St. L. R. R. which was venued here from Hancock county, will be tried. The case of Stoten vs. Lewark, on a contract, will occupy the attention of the court on May 5th and 6th. On the 8th, comes the case in re William R. Gibbs, a petition. The case of Shideler vs. the Connersville Ice company, on an account, venued here from Fayette county, will be tried on May 9th. On the 10th, comes the breach of promise suit of Laura Steinecker vs. George Holly, who asks \$10,000 heart balm for his alleged failure to marry her and on the 11th the case of Rodebaugh vs. Scanlan, will be heard. These cases concludes the list of civil cases set thus far.

As yet no criminal nor State cases have been set for trial, but it is likely that a majority of the cases entered on indictments returned by the recent grand jury will come up for trial during the present term.

The names of the petit jurors drawn for this term of court are as follows: Peter Johnson, Rushville township; B. F. Martin, Washington; George W. Reeve, Walker; D. E. Barnard, Wesley Miller and William Leisure, Posey; John R. Smiley and John F. Bowles, Center; Charles B. Kenner, Noble; Daniel M. Hill, Ripley; William B. Crane and N. M. Brown, Anderson.

## BY THE WAYSIDE

A local dog fancier has three very smart dogs. They are his pride and he does everything for them that most people do for their children. One day this week he came home and found the dogs curled up on his favorite lounge and forthwith gave each dog a whipping. The next day the man came home and found the dogs on the floor but when he placed his hand on the couch he found that it was warm. The dogs were given another whipping. The following day the master came home again and found the three dogs busy fanning the couch where they had been lying—with their tails.

**RUSHVILLE, IND. APRIL 24, 1905.**  
Admiral Dewey threw away his last chance for the Democratic Presidential nomination when he advocated a big navy. May be he would rather be a right admiral than a wrong President.

The mikado of Japan has just made a call for 1,000,000 men to serve in the present war. It was thought to be a big thing for Abraham Lincoln to call for 400,000 soldiers during the civil war in this country.

According to the careful estimate of the census office, the present population of the United States is 82,518,000. At this rate the country can get ready to celebrate the official passing of the 100,000,000 mark by the count in 1920.

Last week the Secretary of the Interior let the contract for one of the largest irrigation dams in the world. This dam will be located on Salt river, Ariz., seventy miles above Phoenix. The dam will be 270 feet high, 210 feet long, 165 feet thick at the base and 16 feet wide on top, creating a lake twenty-five miles long and nearly two miles wide. As a preliminary, forty-three miles of road have been built, some of which was cut through solid rock. Hydraulic gates, the largest ever built, will control the water, with a capacity of discharging 10,000 cubic feet of water a second, and supplying canals fifty miles distant. A fifty foot tunnel has been driven through the sides of the canyon to divert the water while the dam is under way. The completion of the big dam is expected by 1907. Excess water from the reservoir will be conveyed to centrifugal pumps seventy miles distant to furnish water to higher levels for the irrigation of 50,000 additional acres. Part of the water power is now used to run a cement mill, the materials for which are close at hand. This work will go forward day and night, the water furnishing 4400 horse power to generate electricity. As much of the land is in the hands of private owners, they have agreed to convey 200,000 acres to the government to repay it for expenditures. These operations are certainly interesting to the pioneers of other days, who never dreamed of getting ready to farm in a desert by the aid of dams, electric lights, cement mills and centrifugal pumps run by water collected seventy miles away, with a resulting indifference as to whether it rains or not. Irrigation is full of wonderful possibilities, and it has become one of the big practical facts of the period in the United States.

**HELD IN ABEYANCE**  
**Question of the State Chairmanship**  
Causes Some Political Speculation.  
Indianapolis, Ind., April 24.—Chairman James P. Goodrich of the Republican state committee is still silent on the subject of whether or not he will be a candidate for re-election. It was said today that he will probably not make a public statement as it is not only against his principles but it would not be considered good policy by him. If the party leaders generally show a desire to have him continue he will probably be a candidate. Many party leaders who are quietly sizing up the situation believe, however, that he won't be a candidate unless Vice President Fairbanks and his lieutenants request it. Chairman Goodrich has always been a strong Fairbanks supporter and is now very enthusiastic over the latter's presidential aspirations. If the vice president should say to him that he desired him to remain at the head of the organization in order to advance his interests it is not likely that Goodrich would refuse to attempt to land the place again and it is not denied that he would be a

strong candidate as he has twice led the party in victorious campaigns.

Congressman Overstreet of this district will probably be renominated by acclamation. There never was any serious talk of trying to defeat him for renomination, but from time to time during the last two years there have been rumors that John L. Griffiths or ex-Mayor Charles A. Bookwalter might seek his position. There is not any likelihood, however, of either of them becoming a candidate as Mr. Griffiths is about to sail for Liverpool where he will represent this country as consul general and Mr. Bookwalter is bending his energies to get his name placed at the head of the city ticket this year. Under the circumstances there seems to be nothing but smooth sailing for Congressman Overstreet. The latter's friends say he is stronger than he was in his early contests which is borne out somewhat by the heavy majorities he received in the last few years. It is generally admitted that he was largely instrumental in obtaining the appropriation for the new federal building and for the army post which is to be built near here within the next few months. This and the fact that he has always enjoyed the confidence of the business element has given him a powerful hold and the chances are ten to one he will be renominated next year.

Congressman Watson of the Sixth district says that if William Dudley Foulke is really desirous of preventing his renomination that he hopes Foulke will enter the race. "I would just like to show him what the people of the Sixth district think of him and civil service," he said. "I hope he will become a candidate if he is determined to defeat me. I certainly will not lay a straw in his way to keep him out of the race. Nothing further has been heard from Foulke on the subject of opposition to Congressman Watson since his first interview and many think he was only bluffing, yet a number of Sixth district leaders say that Foulke has been anxious to go to congress for a long time and that he may have seized Congressman Watson's anti-civil service declaration as a pretext for trying to oust him.

The Anti-saloon League of Indiana is sending out thousands of cards containing blank forms by which a voter may assign to its representative the power of attorney in all remonstrances against application for retail license. Fifty thousand cards will be sent out within three months for use in getting remonstrances against all the applicants of a ward or township. U. G. Humphreys, state superintendent of the league, is of the opinion that a township remonstrance will effect all of the saloons of any city within its borders.

**Dry Sunday in St. Louis.**  
St. Louis, April 24.—In response to the orders of the police department that the Sunday closing law must be obeyed, saloons and barber shops were closed here Sunday so tight that there were no back doors open and the front curtains were drawn, revealing the interiors of the rooms. In East St. Louis the saloons were permitted to be open, but Mayor Cook has issued a statement to the effect that all saloons that become disorderly would be closed instantly.

**Third Trial in Progress.**  
New York, April 24.—Nan Patterson's third trial on the charge of murdering "Caesar" Young was resumed today before Recorder Goff in the court of general sessions. The jury was completed last Wednesday night, when the court ordered an adjournment over the holidays preceding Easter.

**Kansas City's Dry Sunday.**  
Kansas City, Mo., April 24.—With less than half a dozen exceptions, saloons in Kansas City, Mo., and Kansas City, Kan., and wine gardens in the suburbs were closed Sunday. There were a few arrests for direct violation of the Sunday closing law.

**Engines Came Together.**  
Mattoon, Ill., April 24.—In a collision between two Big Four locomotives near the roundhouse here Sunday, Engineman Harry Honadle was killed; Fireman R. A. Brown received injuries from which he will not recover, and Engineman Bird and Fireman Llewellyn sustained severe injuries.

**INCIDENT NOT CLOSED**  
**Japan is Still Keeping an Eye on the Natives of France.**  
Tokio, April 24.—The announcement that in response to Japan's representations France has promised the expulsion of the Russian second Pacific squadron from Kamranh bay and affirmed her determination to maintain neutrality is received here with pleasure and has relieved the tension of popular feeling, although it is the belief that if Rojstevsky entered Kamranh bay for the purpose of finally preparing for a dash north, the purpose was accomplished before he was ordered to leave. There is also a suspicion that Rojstevsky may simply make a technical removal from French territorial waters by going outside the three-mile limit. Hence the incident will remain unclosed until the Russians depart from Indo-Chinese waters.  
**Ready for Battle.**  
Saigon, April 24.—No news has been received here of the Russian squadron since it left Kamranh Saturday. The officers and men of the Russian fleet have expressed themselves as confident of their ability to

meet any situation which may arise. It is stated that Admiral Rojstevsky is suffering from dysentery.

**No Intimation of Plans.**  
St. Petersburg, April 24.—Vice Admiral Rojstevsky continues his policy of strategic silence and answered the admiralty's message of last Saturday pointing out the position of the French government on neutrality regulations only by putting to sea, giving no intimation of his plans or destination.

**AN OMINOUS CONDITION**  
**Russians Openly Declare Sympathy for the Cause of Japan.**

St. Petersburg, April 24.—Not only the future of the war in the far East but the fate of the whole program of internal reform to which Emperor Nicholas stands committed appears to await issue of the approaching sea battle between Rojstevsky and Togo. The government undoubtedly would be greatly strengthened, at least for the moment, by a victory decisive enough to change the war situation. The liberals are impatient at the delay and suspicious of every move of the government. They are convinced that if victory comes, the bureaucracy, to which the realization of reforms has been consigned by the emperor, will be able, despite the clamor throughout the country to keep the execution of these reforms in their own hands which, of course, in their opinion would mean their eventual dissipation in a labyrinth of endless commissions. Moreover, they believe that the emperor might again be persuaded to listen to the necessity of the old style of repression of the present agitation. Practically the interior administration is being conducted through a police regime. Already there are everywhere evidences of return to Von Plehve methods. Domiciliary visits and arrests by scores and hundreds are reported in every part of the empire, and meetings of all classes of the people are forbidden and broken up by the police under the direction of the local governors.

Even Zemstvo meetings at Vladimir, Elizabetopol, Orel, Tiflis and Livadia have been closed. Of course the government properly argues that it cannot fold its arms and see the flames of revolution fanned by agitators; but it is noticeable that such spokesmen of reaction as Prince Meshchersky (editor of the Grashdanin) are again boldly proclaiming the doctrine of repression, characterizing the constitutionalists and "intelligentsia" as lunatics. "Russia has suddenly become a vast lunatic asylum," says the Grashdanin, "and unless mad people are locked up and placed out of harm's way there is no predicting where this idiosyncrasy will end."  
Should Rojstevsky be defeated, on the contrary, the liberals believe that the bureaucracy would capitulate and peace and a constitution would come.

**KEEP AWAY FROM THE KITCHEN.**  
**THIS MEANS YOU**

Don't wear yourself out with needless work—don't spend the best hours of the day in a hot kitchen. Let our automatic servant make your work easier—cut your hours of kitchen labor in two. This tireless servant,

**THE HOOSIER KITCHEN CABINET**

is the most competent housekeeper's helper you have ever known.

It groups every thing you need in preparing a meal—each article in its own special place—all within easy reach. It saves countless wearying footsteps from sink to pantry—from pantry to range—from range to kitchen table.

This servant doesn't let you run out of sugar—flour or anything else you need every time you cook.

Hoosier cabinets take the place of a pantry—are far more convenient—because the supplies are all in one place. The large cupboards—the roomy drawers hold everything a pantry will.

The Hoosier Kitchen Cabinet has labor-saving and "supply-saving" devices no other kitchen cabinet possesses. A patent sugar-bin—insect-proof; a special sanitary flour bin—self-cleaning; Hoosier air-tight spice tins that preserve the flavor of the spices.

Every Hoosier Cabinet is made of solid oak—construction, workmanship and finish as fine as the furniture in your dining-room. The panels are built up—not the ordinary one-ply kind that warp and split in the heat of the kitchen.

There is no use paying more than the Hoosier price for kitchen cabinets, because the Hoosier is the best in construction—the most practical—the most convenient.

You can buy a Hoosier on weekly installments—a small sum down—and \$1.00 per week until the cabinet is paid for. The Hoosier Kitchen Cabinet is an investment—not an expense. It pays for itself in a short time in the waste it saves—in the leisure hours and rest it gives its owner. Don't put off doing away with kitchen drudgery a single day.

## THEY PLAYED ERRORLESS BALL

### Rushville Downed the Cincinnati K. of P's by Remarkably Fast Work.

### Taylor's Home Run in the Fifth Tied the Score.—How the Runs Were Made.

In the second game of the season played yesterday afternoon, the local club succeeded in pulling down first honors and leaving the lot three runs to the good. It was a good close game at that and the visitors, the K. of P. Stars from the Queen city, put up an article of ball that certainly gave the locals a run for their money. It was done in the same old way, in that fatal sixth inning. Then it was that the Knights met their Waterloo. Although we would not openly say so, nevertheless it is quietly whispered around that the gentlemen from the East had "farmed up" for the local aggregation, in a way that made them feel confident of winning. That confidence was killed and buried, however, before the end of the sixth, for the way the local team swatted the ball and raced the men over the plate was a caution.

"Hans" Wagner was sent out to the box office and it certainly looked good to the fans to see him trot out upon the field. Although a trifle wild at two different times the "old boss" showed upon in grand form, holding his opponents to four scattered hits and pitching out of holes as he did in ye olden times.

White, his opponent, also pitched masterly ball as the local team was only able to secure five bingles off his delivery. White's "spit ball" rather tickled "Windy's" palate and Wagner and the rest of the bunch swatted the pellet every time it was served in that form.

Taylor, who had charge of things in the left garden, sprung a surprise in the fifth by pounding the leather for a complete circuit of the four corners and causing Noonan in center to race toward the bridge after the ball with speed enough to last him for the remainder of his life.

The local players put up masterly ball. The infield especially showed up very fast. Little Joe, Carter and Cullen accepted every chance, some of which were rather difficult, and experienced no trouble in shooting the ball straight to the initial sack.

This is the way it was done. The visitors made their first, last and only score in the second inning when, through Wagner's generosity, Noonan walked to first, was sacrificed to second by Wagoner, and scored on Lawrence's hit to right center. Lawrence took second on the throw in and Kurleman was given a walk to first. White, however, went out over the Morgan-Pearse route which with Wagoner's and Hunnemeier's outs, closed the session.

In the fifth Pearsey, the first man up, flied out to Kurleman, and after two strikes had been called on Taylor, the latter set himself squarely, swung his bat at one of White's benders, coming just to his liking, and started the ball toward the bridge. It seemed to rise higher and higher the farther it went and while it was soaring gently on its way, Rushville's suburbanite was chasing his nose around the sacks for all it was worth. That home run was the first of the season and it brought the fans to their feet with cheers for Taylor.

That was the starter.

Dr. White, the visiting box artist, kindly accepted an invitation tendered by a fan at the west end of the grand stand to "Come take a Ride in my Airship," and he went sailing skyward in elegant style. He was unable to locate the plate squarely and the result was that Cullen drove one of his missives right into Noonan's hands. It didn't stick, however, and Jack took second. Windy who was next up was unable to connect with the ball. Captain Stubblefield drove it for a single and Cullen trotted home. Stubby stole second and trotted across the plate when Noonan dropped Little Joe's high fly to center. Pearsey fanned and Joe perished a second.

In the seventh, Taylor fanned, Wagner, the second man up, singled and stole second. Kiser advanced him to third with a sacrifice and he scored on an error by Hunnemeier, who failed to retire Carter at first. Eddie stole second, but died as Cullen flied out to Wagner.

## BASE BALL

The new uniforms to be worn by the Middletown team of the Sunday League are gray with navy blue trimmings on pants, shirt and cap; a bright red coat with navy blue linings and across the breast the name "Middletown."

Greensburg Standard: J. G. Miller, manager of the Middletown, Ohio, ball club, writes that he will be here next Tuesday or Wednesday to complete the arrangements for stating a club here. [Sid Berte, who caught for Greensburg last season, was in the opening game at Middletown last Sunday.

The Hamilton Krebs baseball club of the Sunday League, has finally been completed, and Manager Milders has announced its personnel. The club will play its first exhibition game in that city on April 30th, with the Dayton team of the Central League. The Krebs' line-up for the season will be: Catcher, Macke; pitchers, Bass, Malloy and Williams; first base, Kreimer; shortstop, Stevenson; second base, E. Deible; third base, Bruker; left field, Grohe; center field, Cooley; right field, Meyers.

Captain-Manager Stubblefield and President Geraghty are more than pleased with the result of yesterday's game. They are confident that they have a winning team with a pitching staff unusually strong, for in McCord and Wagner they believe that they have two pitchers either of whose equal would be hard to find with clubs of this class. On Thursday, Rushville will meet the Indianapolis Reserves, the strongest semi-professional team in the State. Little Johnny McCord has been held in order to pitch this game and the fans may expect a victory.

## CHURCH NEWS

### ST. MARY'S CATHOLIC CHURCH.

The church and altars were very beautifully arranged in green and white floral decorations for the Easter services. Low Mass was celebrated at 8 a. m. At 10 o'clock High Mass was held, and the choir sang beautifully Loesch's Mass. Rev. P. H. Rowan gave an impressive discourse on "The Resurrection" — its significance and powerful meaning in Christian life. Vespers were held at 3 p. m.

### ST. PAUL'S M. E. CHURCH.

The Ladies' Aid Society meets Tuesday afternoon with Mrs. John Megee.

The church had one of the most blessed meetings in its history yesterday morning. The Knight Templars in full uniform attended the service in a body. The choir, with Mr. Orion Holmes as director, and Miss Ruth Tevis as soprano soloist, was assisted by Mr. McVlain, of Indianapolis, and the music was beautiful. At both services yesterday, there was a large attendance.

### MAIN STREET CHRISTIAN CHURCH.

At the Sunday school yesterday there were 362 present and a collection of \$15. A quartet and other special music was enjoyed. The largest class was Miss Mamie Kemp's, "The Buds of Promise," having 51 present. There were 38 young men in Rev. Sniff's class, the next largest.

Dr. Chadwick's class will give a social at the church tonight.

The large auditorium was filled yesterday morning when Rev. Sniff preached a beautiful sermon from this text, "He Died and Rose Again." The choir admirably rendered Dudley Buck's famous "Te Deum." There were seven additions by letter at this service. At night the Odd Fellows attended in a body, and the Sunday school room and auditorium were both crowded. Rev. Sniff spoke impressively on "The Mission of Love," and beautiful music was furnished by the choir. There have been eighteen additions to the church in the last three weeks.

### FIRST PRESBYTERIAN CHURCH.

The teachers' training class meets Tuesday evening at the parsonage.

Next Sunday, Rev. McConnell will exchange pulpits with Rev. Geo. C. Lamb, pastor of the First Presbyterian church at Connorsville.

The morning service yesterday was very impressive. The choir sang as a procession "He is Risen." The special music by Mrs. Mowers, Mr. Morris and the choir was very pretty. A good congregation was in attendance. At the evening service both the auditorium and Sunday school rooms were well filled. It was a song service illustrated by stereopticon views. The first of the good old favorites was "Holy, Holy, Holy," sung by the congregation. "Rock of Ages," "Throw out the Life Line," "My Faith Looks Up to Thee," and others were sung by the choir and illustrated by splendid views. Mrs. Mowers sang "Safe in the Arms of Jesus," and Rev. McConnell, "The Ninety and Nine," both of which were beautifully illustrated. The last hymn was "Abide with Me," sung by the choir, and accompanied by twenty-five superb views. Throughout the service the stereopticon was admirably operated by Grand Carr, and the views were magnificent. Rev. McConnell gave an interesting history of the famous hymns sung and illustrated. The public showed a deep appreciation of the services, given by Rev. McConnell with the use of his stereopticon by a large attendance and liberal contributions.

### UNITED PRESBYTERIAN CHURCH.

The United Presbyterians have had few more enjoyable days in their history than yesterday. The day was the 25th anniversary of the first service held in their present church, and was spent not only in retrospection, but in looking forward also. Mr. Paul Kerr led in the opening prayer. Dr. J. F. Hutchinson, the organizer of the congregation, was present, and gave an interesting account of the days that led to the organization of a U. P. church in Rushville. Prof. David Graham, in his reminiscences of "The Early Days of the Congregation," held the closest attention of the entire audience with his earnest words from memory's tablets, regarding the way in which God had blessed the seed sown in earlier days. This was followed by the congregation singing:

"Who sow in tears, with joy shall reap,  
Though bearing precious seed, they weep while going forth,  
Yet shall they sing, when, coming back, their sheaves they bring."  
After the song, the audience stood while the names of the deceased members were read, after which Mr. A. C. Brown led in earnest prayer, and was followed by a most appropriate address by Geo. H. Puntenney, "In Memoriam." "Wayside Milestones" were interestingly spoken of by Messrs. T. M. Green and J. W. Waite, and the hour closed with a song, "The Lord is my Shepherd."

At 7:30 p. m., Dr. Hutchinson preached an able sermon from the text, "This Also I Desire, Even Your Perfection." Next Sabbath morning letters from former pastors will be read, and some brief, interesting statistics of the past 25 years will be given. The day will also mark the beginning of Rev. W. P. McGarey's sixth year as pastor of the congregation.

The public is cordially invited to attend the union meeting of the Grand Army of the Republic, the Relief Corps and the Patriotic Order Sons of America at 7:30 tonight in the hall of the Modern Woodmen. Features of the evening will be stereopticon pictures, relating of war history by the Relief Corps, singing by school girls, etc. There will be plenty of room and good seats.
